

IMPORTANT NOTES

- The PICCOLO Snug 'n Safe PLUS may be used in either the front or the rear seats of the vehicle but may not be used in the front seat with vehicles equipped with an air-bag.
- The PICCOLO Snug 'n Safe PLUS may only be used in a rearward facing position i.e. The infant must face the rear of the vehicle.
- The PICCOLO Snug 'n Safe PLUS is only suitable for use in vehicles equipped with a 3-point safety belt that complies with SABS 1080 or other equivalent specifications.
- The PICCOLO Snug 'n Safe PLUS may be used in all vehicles equipped with a 3-point safety belt. Do not use the PICCOLO Snug 'n Safe PLUS in vehicles equipped with a 2-point seat belt (lap belt).
- The PICCOLO Snug 'n Safe PLUS buckle is not childproof so that in an event of an accident the buckle can be quickly released. Your child should be taught not to tamper with the buckle.
- The PICCOLO Snug 'n Safe PLUS must be replaced if it has been exposed to violent stresses in an accident.
- The interior of a vehicle can become very hot when standing in direct sunlight. It is recommended to cover or remove the PICCOLO Snug 'n Safe PLUS from the vehicle to prevent it from becoming too hot and burning your baby.

Ensure - that you follow the installation instructions carefully.

Ensure - that the harness and vehicle seat belts are tightened for maximum protection, and that they are not twisted.

Ensure - that the PICCOLO Snug 'n Safe PLUS is installed so that it is not liable to become trapped by a moveable seat or in the door of the vehicle.

Ensure - that you keep this user guide in a safe place for future reference.

Ensure - maximum safety by keeping your baby in the harness.

Ensure - that you position the lightest passenger on the seat behind the PICCOLO Snug 'n Safe PLUS if there are no rear seat belts available in your vehicle. In the case of an accident a heavier passenger could cause more damage / injuries to your child than a lighter one.

Ensure - that you keep the PICCOLO Snug 'n Safe PLUS in a safe place when not in use.

Ensure - that, if necessary, you replace the PICCOLO Snug 'n Safe PLUS cover with one recommended by the supplier as it constitutes an integral part of the restraints performance.

Ensure - that your child does not unfasten the harness buckle.

Do not - leave your baby unattended in the PICCOLO Snug 'n Safe PLUS at any time.

Do not - use any objects such as a pillow or cushion to raise the PICCOLO Snug 'n Safe PLUS. In the case of an accident the PICCOLO Snug 'n Safe PLUS will not protect your baby as it should.

Do not - make any alterations or additions to the PICCOLO Snug 'n Safe PLUS or change the way its harness or car seat belts are made or used.

Do not - leave any loose objects such as books, bags, etc. in the vehicle. In an emergency, when braking, loose objects keep moving and may cause unnecessary injuries to your baby.

Do not - leave children unattended in your vehicle.

Do not - allow people to play with or tamper with the PICCOLO Snug 'n Safe PLUS.

Do not - use the PICCOLO Snug 'n Safe PLUS without the cover.

BUCKLE UP AT ALL TIMES

SAFEWAY

Snug 'n Safe PLUS

INSTALLATION INSTRUCTIONS

For babies up to 13kg

Snug 'n Safe PLUS

KEY TO COMPONENTS (Figures 1 & 2)

- | | |
|--------------------------|-----------------------------|
| 1- Child Restraint Shell | 6- Harness |
| 2- Carrying Handle | 7- Adjustor Strap |
| 3- Release Button | 8- Diagonal Belt Guides |
| 4- Rocker Belt Guides | 9- Harness Adjustment Holes |
| 5- Rocker | 10- Adjustor Strap Buckle |

ADJUSTMENT OF HARNESS TO SUIT HEIGHT OF INFANT

- Unbuckle the Harness by depressing the Red Release Button of the Buckle.
- Place infant in PICCOLO Snug 'n Safe PLUS.
- The height of the Shoulder Straps should be approximately level with the shoulders of the infant (Figure 3). To adjust the height of the Shoulder Straps, feed the belts out through the cover, polystyrene backing and seat. Refit the Shoulder Straps to the required height.

FASTENING THE HARNESS

- Place infant in the PICCOLO Snug 'n Safe PLUS and position the straps over the shoulders.
- Interlock left and right Shoulder Strap Clips and insert into Buckle Body (Figure 4). (Ensure that a click is heard when inserting clips).
- Tension the Harness Adjustor Strap (Figure 5). (The harness should be adjusted as tight as possible without causing discomfort to the infant).

ADJUSTMENT OF THE CARRYING HANDLE

- Depress the Carrying Handle Release Buttons (Figure 6).
- Adjust Carrying Handle to required position.

ROCKING AND STABLE POSITION ADJUSTMENTS

- Rocking Position : Place the Carrying Handle in upright position (Figure 7).
- Stable Position : Place the Carrying Handle to the back of the PICCOLO Snug 'n Safe PLUS level with the Rockers (Figure 8).

INSTALLING THE CHILD RESTRAINT SEAT IN A VEHICLE

- Place the PICCOLO Snug 'n Safe PLUS on the desired seat in a rearward facing position (Figure 9).
- Fasten the 3-Point Seat Belt across the PICCOLO Snug 'n Safe PLUS with the lap belt being thread through the Lap Belt Guides (Figure 10).
- The lap belt may also be thread through the Rocker Belt Guides if the 3-Point Seat Belt is not long enough to be thread through the Lap Belt Guides (Figure 11).
- Clip the 3-Point Belt clip into its body i.e. fasten the seat belt.
- Pull the diagonal belt section of the 3-Point Seat Belt around the back of the PICCOLO Snug 'n Safe PLUS and thread it through both Diagonal Belt Guides (Figure 12).
- Push the PICCOLO Snug 'n Safe PLUS downwards into the vehicle seat and tighten the 3-Point Seat Belt.

WASHING INSTRUCTIONS

- All parts on the PICCOLO Snug 'n Safe PLUS can be cleaned with mild cleaning agents.
- The cover can be washed in luke warm water with a mild detergent.
- Do not tumble dry or use any solvents.
